

COMPACT DOCUMENT DOCUMENT SCANNER

customer-facing environments.

Compact and powerful

The imageFORMULA DR-C230 is an ultra-compact and powerful desktop scanner featuring a robust design and reliable paper handling for capturing multiple document sizes and formats, including passports.

Benefits

- Boost productivity with fast 2-sided scanning at up to 60ipm
- Easily scan various types of documents including passports with one compact device
- Enjoy peace of mind with supreme paper-handling reliability and durable construction
- Enhance your environment with quiet operation, compact build and elegant design

imageFORMULA DR-C230

Designed in response to customers' needs

The imageFORMULA DR-C230's robust construction and rugged document feeder were developed as a direct result of customer feedback. It represents a step forward in build quality in this scanner's segment, effortlessly capturing up to 3,500 scans per day. Your productivity is maximised by the 60-sheet ADF that reliably feeds batches of mixed-sized document and media types: from passports and plastic cards to duplex A4, A3 (using folio) and long documents up to 3m in length.

High-performance and flexible applications

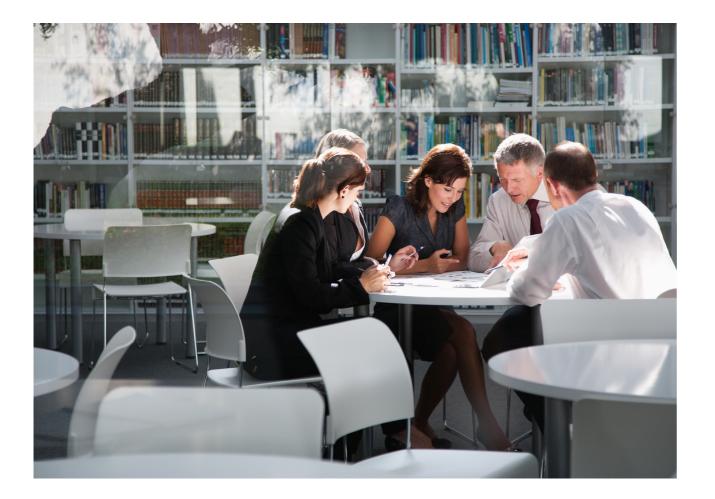

The imageFORMULA DR-C230's premium build quality and productivity-focused features are a breakthrough in this value segment. Offering rapid scanning at up to 30ppm/60ipm, the imageFORMULA DR-C230 is the natural all-round choice for office departments and workgroups. Its quiet operation – and compact, attractive desktop design – make a great impression in front offices and customer service points, for example in banks, hotels, hospitals and government offices.

Precision paper handling

To keep your workflows fluid, the imageFORMULA DR-C230 offers a powerful, high-quality feeding mechanism that ensures best in class reliability for scanning various documents, including ultra-thin papers from 27gsm. The ultrasonic Double Feed Detection and Double Feed Release (DFR) function allow scanning to restart quickly, keeping downtime to a minimum.

Easy operation

The imageFORMULA DR-C230 includes a wide range of high quality image processing capabilities. These include automatic page size and text direction detection, text enhancement, a deskew function and automatic colour detection. The user-friendly control panel lets operators scan with a press of a button – accelerating and simplifying scanning tasks.

SOFTWARE

Capture OnTouch)

Intuitive scanning

With Canon's CaptureOnTouch user-friendly interface you can easily scan paper documents into digital archives and save or send them to multiple destinations, including cloud services. It incorporates a Full Auto Mode function that delivers a simplified scanning operation with high quality results. You can create searchable PDF files using its built-in OCR technology and saved frequently performed operations into the shortcuts menu.

Capture Perfect

Advanced scanner control

Canon's CapturePerfect is a scanning application allowing you to fully utilise all of the powerful capabilities of imageFORMULA scanners. It enables efficient batch scanning and supports Kofax VRS driver for enhanced image quality. Advanced processing features include automatic batch separation, zonal OCR (Optical Character Recognition), great range of document viewing options and flexible 'scanning to' options.

TECHNICAL SPECIFICATIONS

GENERAL PRODUCT		Business card scanning	Size: 50.8 x 85mm or larger Thickness: Less than 0.45 mm
Туре	Desktop Type Sheet Fed Scanner	Plastic card scanning	Size: 53.9 x 85.5mm
Scanning sensor unit	CMOS CIS 1 Line Sensor		Thickness: 0.76mm (Embossed Card up to 1.4mm
Optical resolution	600dpi	Descus est secondaria a	thick is supported)
Light source	RGB LED	Passport scanning	Up to 4mm thick (via carrier sheet)
Scanning side	Front / Back / Duplex	Paper separation	Retard Roller Method
Interface	High speed USB 2.0	Feeder capacity	60-sheets (80g/m²)
Dimensions (WxDxH)	Trays Closed: 291 x 253 x 231 mm Trays Opened: 291 x 603 x 363 mm	SPECIAL FEATURES	Automatic Page Size Detection, Deskew, 3-Dimensional Colour Correction, Colour Dropout
Weight	Approx. 2.8kg		(RGB), Colour Enhancement (RGB), Auto Colour
Power requirements	AC 100-240V (50/60Hz)		Detection, Shadow Cropping, MultiStream,
Power consumption	Scanning: 19W or less Sleep Mode: 1.4W or less Power Turned Off: 0.1W or less		Adjustable gamma settings, Skip Blank Page, Folio Mode, Scan Area Setting, Batch Separation with white blank sheet or patchcode, Moiré
Operating environment	10 - 32.5 °C Humidity: 20 - 80% RH		Reduction, Prevent Bleed Through/Remove Background, Contrast Arrangement, Background Smoothing, Shadow Cropping, Auto Resolution
Environmental compliance	RoHS and ENERGY STAR		Setting, Double Feed Release, Double Feed Detection (Ultrasonic Sensor, Length)
SCANNING SPECIFICATIONS		BUNDLED SOFTWARE Windows	ISIS /TWAIN Driver
Black and White	30ppm / 60ipm		(Windows 7 SP1 / 8.1 / 10. Windows Server 2008
Colour	30ppm / 60ipm		R2 SP1 / Server 2012 R2 / Server 2016) CapturePerfect
Output resolution	150 x 150dpi, 200 x 200dpi, 240 x 240dpi, 300 x 300dpi, 400 x 400dpi, 600 x 600dpi		CaptureOnTouch V4
Output mode	Black & White / Error Diffusion / Advanced Text Enhancement, Advanced Text Enhancement II, 8-bit Greyscale (256-Level), 24-bit Colour	Mac	TWAIN Driver Compatible with Mac OS 10.10, 10.11, 10.12.
Suggested Daily Duty Cycle	Approx. 3500 scans	CONSUMABLES	Exchange Roller Kit, Carrier sheet (Passport), Carrier Sheet (A4)
