TelePod PRO Kit

A Pro-Level Camera Selfie Platform & Ballhead.

Features & Benefits

- Durable Construction: Glass filled composite is lightweight and high strength with thinner structure.
- Adjustable Legs: patent pending legs can be click-set in three positions to stabilize heavier cameras on uneven surfaces.
- Removable Ballhead: Ballhead 1K can be used on GorillaPod or ¼"-20 tripod mount.
- Stable: Flatten legs to max 36cm (14 inches) inch spread for more stability in windy situations.
- Extendable: Tripod telescopes from 26-70cm.
- Precise positioning: 360 degree panning bed and 90 degree tilt. Get portrait & landscape shots with ease.
- Modular: Works with JOBY’s pro-level mounts including GripTight PRO Mounts (Phone and Tablet), GoPro mounts, Microphones and Video lighting.

Works in 3 modes: With legs closed to form a grip and the mount extended, it’s a selfie stick or monopod for overhead shots. With the mount telescoped and legs extended it’s an elevated camera/360 stand. With legs folded out and the extension lowered, it’s a stable camera tripod.
